
Documentation:

1. Write your full name in a piece of paper with date and Task Sheet 2 written output.

EDRIAN INFANTE

APRIL 18, 2024

Task Sheet 2

2. Analyze the activity per page.

1 - The **Personal Home Page** serves as the main hub of the website, incorporating a visually appealing layout with Monotype Corsiva font style, bold, italicized text centered on the page, adhering to a font size of 5. The background color is applied uniformly across all pages, establishing a cohesive aesthetic. Additionally, the Personal Home Page includes at least two images positioned dynamically within the layout, enhancing visual engagement. A hyperlink is provided on each subsequent page to allow users to navigate back to the Personal Home Page seamlessly.

2 - The **Academic Information** page maintains consistency with the website's design elements, utilizing Georgia font style with a font size of 3. Information regarding academic institutions, student details, and course information is presented in an organized manner, aligned to the left of the page. A hyperlink is included for easy navigation back to the Personal Home Page, ensuring user accessibility.

3 - Similarly, the **Personal Information** page follows suit, employing Georgia font style and font size 3. Personal details such as full name, contact information, and demographic data are structured in a clear, left-aligned format. A hyperlink enables users to return to the Personal Home Page effortlessly.

4 - The **Family Information** page continues the established design pattern, utilizing Georgia font style and font size 3. Details regarding familial relationships and occupations are neatly organized and presented in a left-aligned format. Users can navigate back to the Personal Home Page using the provided hyperlink.

5 - In the **About Me** section, users can learn more about the individual behind the website. Georgia font style and font size 3 are used to display information about personal characteristics, hobbies, and interests. A hyperlink facilitates easy return to the Personal Home Page.

6 - Finally, the **Resume page** provides an overview of the individual's educational background, seminars attended, and character references. Consistent with the website's design, information is presented in a clear and concise manner, with a hyperlink included for quick navigation back to the Personal Home Page.

3. Provide simulation for each process.

Talent:	Arts & Design, Video Editing, & Cartooning
Strength:	Solid Understanding of Hardware, Problem-Solving Abilities, & Analytical Skills
Sports:	Badminton & Basketball

4. In paragraph form provide an overview of this activity.

In this activity, we're making a website using HTML. Think of it like building different pages on the internet. Each page has its own purpose and information. We start with a main page called "Personal Home Page." From there, you can click on links to go to other pages, like "Academic Information," "Personal Information," and so on. Each page looks nice with specific fonts, colors, and layouts. We also include pictures on some pages to make them more interesting. The idea is to create a simple and easy-to-use website that tells people about you and your achievements.
